Indianapolis, IN 46204-2251

Dear Mr. Woods:

Re: Indiana-Kentucky Electric Corporation
Clifty Creek Station
Notification of CCR Demonstration 5-Year Updates

As required by 40 CFR 257.106(f), the Indiana-Kentucky Electric Corporation (IKEC) is providing notification to the Commissioner of the Indiana Department of Environmental Management that periodic updates of specific design criteria demonstrations, as required by the Federal CCR Rule, have been completed for the applicable demonstrations for each Clifty Creek Station CCR unit, as follows:

	5-Yr Periodic Assessment				
CCR Unit	Hazard Classification	Safety Factor	Structural Stability	Inflow Design	Run-on/ Run-off Controls
West Boiler Slag Pond	X	X	X	X	
Landfill Runoff Collection Pond	X	X	X	X	
CCR Landfill					X

The above demonstrations were initially completed in 2016, revisited in 2021, and have been updated within the five-year interval the rule requires. The updated demonstrations have been placed in the facility's operating record, as well as on the company's publicly accessible internet site, and can be viewed at http://www.ovec.com/CCRCompliance.php.

If you have any questions, or require any additional information, please call me at (740) 289-7780.

Sincerely,

Zachary S. Hammond
