RETURN RECEIPT REQUESTED

Mr. Bruno Pigott, Commissioner
Indiana Department of Environmental Management
100 N. Senate Avenue
Mail Code 50-01
Indianapolis, IN 46204-2251

Dear Mr. Pigott:

**Re: Indiana-Kentucky Electric Corporation
Revision to Clifty Creek Station Alternate Closure Demonstration**

The Indiana-Kentucky Electric Corporation (IKEC) is providing written notification to the Commissioner of the Indiana Department of Environmental Management (IDEM) that revisions have been made to the demonstration for a site-specific alternative to initiation of closure deadline for the Clifty Creek Station's West Boiler Slag Pond and Landfill Runoff Collection Pond. The demonstration was previously submitted to the United States Environmental Protection Agency (US EPA), pursuant to 40 CFR 257.103(f)(1) of the Federal CCR Rule, on October 15, 2020. The updated demonstration has been placed on the company's publicly accessible internet site, and can be viewed at <https://www.ovec.com/CCRCompliance.php>.

Additionally, the demonstration was submitted to IDEM on October 28, 2020, as supporting documentation for a Request for Variance from 329 IAC 10-9-1(b), which incorporates by reference 40 CFR 257.50 through 40 CFR 257.107 into Indiana Solid Waste regulations. The requested variance was approved by IDEM on November 24, 2020. The revisions to the demonstration document do not affect the Rationale and Conclusions presented in the variance approval document, nor have the revisions affected the overall project schedule.

If you have any questions, or require any additional information, please call me at (740) 897-7768.

Sincerely,

A handwritten signature in black ink that reads "Tim Fulk".

Tim Fulk
Engineer II
